CLOVER BAR NEWS

CREAMERY BUILDING FINISHED

Committee of Society of Equity Succeeded in Securing a Substantial Reduction in Price of Twine

Clover Bar, July 25.—The weather is the favorite topic of conversation in this locality at present. The frequent showers of the past two weeks have retarded all kinds of farm work to a considerable extent. Many who boasted of their excellent crops a short time ago are less jubilant now as the storm of last Sunday caused the heaviest crops to lodge badly.

Several of the residents of Clover Bar who have not yet used their homestead rights have been out in the Vermilion country recently. The majority bring back good reports of that section and some have already located homesteads. All agree that the progress of that country is greatly retarded because so large a portion of the best farming lands which should have been reserved for settlers have been acquired by speculators through the purchase of scrip.

We are pleased to note that our creamery building has been completed and we are informed that it has been inspected and accepted by Mr. Marker, Manager of Government creameries for the North West Territories. Weather permitting the machinery will be transferred from the old building at Edmonton to the new one at Clover Bar. The patronage during the last month is the largest the cream-haulers report that it will be more than doubled as soon as the new plant is in operation.

We are sorry to hear that one of the wings of the bridge recently built across Oliver's Creek on the base line has given way. The heavy rains caused the approaches to wash away to such an extent that our councillor deemed it advisable to instruct the overseer to make such temporary repairs as might be necessary to render it safe for traffic.

Our local branch of the A. S. of E. held its regular meeting on Thursday evening, July 20th. The principle object of the meeting was to hear the report of the Committee appointed to get quotations on binding twine. The members were much pleased to learn that the committee by co-operating with other committees from other branches of the society have been able to get twine at a reduction of 2 1/2 cents per pound. After the regular order of business had been disposed of a very interesting discussion was held on the question of the establishment of a Government experimental farm in Alberta. While all were pleased to know that the institution of this kind is likely to be established here in the near future and although all were agreed that these experimental farms have done much to raise the standard of agriculture, it was pointed out that steady and profitable markets are just as necessary to the success of the farmer and the general welfare of the country as large crops; and the hope was expressed that while the Dominion Government was instructing us how to increase the productivity of our farms, the Minister of Agriculture of our new province would direct his energies toward the establishment of markets for those things which we produce. We would like to get opinions along this line from all persons who are interested in the welfare of this country, and especially from those who aspire to provincial honors and upon whom the responsibility for the progress of Alberta will rest.

A STEEL CANOE

Ross Bros. have built a galvanized steel canoe for Colin Johnston, fur trader, of Wabascow. The boat is to be used for freighting on the creeks in the north country. Mr. Johnston has found difficulty with cedar canoes as the creeks have frequent rapids where sharp stones and other obstacles have broken holes in the wooden boats. This canoe is built of steel of a thickness that a heavy blow of a hammer will scarcely dent it.

The boat is seventeen feet long with a 28-inch beam and weighs 180 pounds. The ribs and seats are made of oak. The ribs are two inches wide and three-quarters of an inch thick. The keel is of pine two by five inches. The gunwale is made of oak two inches by an inch. It is designed after the pattern of the Peterboro canoe and is rather a handsome boat. It was designed and built under the

direction of Foreman McJanett of Ross Brothers' tinshop and he says some improvements could be made in their future construction. He suggested water tight compartments in the ends which would make it impossible for it to go down. If the boat proves a success Mr. Johnston purposes having several more built.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

STILL FIGHTS FOR MONOPOLY

Ottawa, July 27.—Ex-Premier Parent's appointment as chairman of the Railway Commission has gone through. The C.P.R. is still fighting the Victoria Vancouver and Eastern railway. The matter is now before the cabinet on a report from Emmerson allowing the road to cross the boundary line.

DEMAND A BILLION

Washington, July 27.—The total of Japanese demands on Russia amounts to one billion dollars besides the cession of territorial rights in Korea and Saghalin islands.

WHAT JAPAN THINKS ABOUT IT

Tokio, July 27.—The conference between Emperor William and the Czar was for the purpose of securing Russia's consent to a German prince taking Norway's throne. Russia is agreeable on condition that she be granted a strip of Norway territory separating Norway and Finland on the Arctic, thus securing a seaport.

BALL GAMES

Winnipeg, July 27.—Baseball scores.—Superior 9, Winnipeg 4; Duluth 4, Grand Forks 1; Fargo 2, Crookston 1.

JAPS SEIZE A LIGHTHOUSE

London, July 27.—Japan has seized a Russian lighthouse in the Siberian straits of Tartary. This is the first movement on the Japanese part towards seizure of the Amur river up which they will send a flotilla to operate against Harbin.

DIED FROM FORK WOUND

St. Thomas, July 27.—William Crocker of Sparta, punctured his head with a pitchfork, blood poisoning set in and he died.

SIX NAVIES KILLED

Tottenham, Ont., July 27.—By the collapse of a trestle work on the construction of the new C.P.R. branch four Russian navies were buried beneath six gravel cars and killed.

STRUCK BY AN EXPRESS

Oakville, Ont., July 27.—Two daughters of J. E. Inglehart of Palermo while driving across the Grand Trunk crossing were struck by the international express and instantly killed.

TORONTO MAN KILLED

Toronto, July 27.—William Forbes was killed by a fall off a scaffolding on St. George's street. Wulter downward was fatally hurt.

LOCK TENDER KILLED.

St. Catharines, July 27.—David Mathewson, lock tender on the canal at Merriton, was killed while walking home on the tracks of the Welland Division of the G. T. R.

CAUGHT THEM SHORT.

Winnipeg, July 27.—A sensational advance occurred yesterday in July wheat. The market jumped yesterday to \$1.16. The Ogilvie Company are credited with owning the greater bulk of supply and those who contracted to deliver wheat to that company are finding it impossible to get the goods. It looks as if the shorts will have to settle at whatever figure Ogilvie is prepared to let them out.

FELL FROM SCAFFOLD

Owen Sound, July 27.—William Miners was killed by a fall from a permanent scaffold in the ciling room of the Grey and Bruce Cement Works.

FRANCE'S POSITION.

London, July 26.—From a high official of the foreign office today the Associated Press obtained an interesting statement regarding the relations of Great Britain, France and Germany.

Beginning with a declaration that Great Britain would welcome a defensive alliance with France because it would ensure a long continuance of European peace, by acting as a check to German ambitions, the official characterized the charges made in the German press against Great Britain of seeking to involve France in a war with Germany as absolutely contrary to the facts. He says: "France certainly is not desirous of war with Germany. If Great Britain as alleged, had urged France to fight, the French government and press would not now display that friendliness towards us which is apparent on all sides.

"When Germany created the controversy with France over Morocco, the British government informed the French government that England would support it in whatever policy it desired to pursue. Accordingly,

it stand by France in any conflict in the international conference when France declined and accepted, when France reconsidered its decision, but any charge that we sought to bring about war or failed to use our good offices to prevent a conflict is absolutely false. We would undoubtedly stand by France in any conflict under the Moroccan question but we don't want a conflict and desire an understanding with France solely to insure peace.

"Great Britain at war would suffer infinitely greater losses than her adversary. For one thing our entire shipping would go to America and the people would overthrow any government assuming an aggressive attitude."

Regarding the diplomatic relations between Germany and Great Britain the Associated Press was informed that they are not in the least strained and that there never had been any serious difficulty between the two governments. It has always been considered here that Germany's attack on the French-Moroccan policy dealt directly with the Anglo-French entente while well founded opinions have been expressed that Germany would welcome an understanding with France on far eastern matters in which the interests of the two countries are similar.

It would seem that France instead of occupying a leading role is the possessor of two suitors among the greatest rivals in Europe.

ANNOUNCEMENT.

Mrs. Tourner wishes to announce that having just arrived from Paris she is prepared to do dressmaking in a satisfactory manner. Next door to Red Cross Drug Store.

The shrewd speculator always has an eye open for a good thing in real estate. Thus it is that Norwood is active. Every one with an eye to business knows it is a dead sure thing. Think of the Rule of Three: Grand Trunk Pacific, C.N.R., and C.P.R. all about to enter our city, and add one more to the rule, "The Capital," and six of the principal streets wedge into Norwood.

Norwood will be the home of the skilled mechanic; it lies just five minutes walk from the C.N.R. facing First Street, all inside the city limits, where the shops, elevators, etc., will be located. These places will give employment to hundreds of skilled mechanics who have to live near their work. They will buy their home in Norwood. 6 ft. sidewalks are already built to Norwood.

Lots are 33 x 150 First Street, and Sturgeon Road is 116 ft. wide. All other avenues and streets 66 ft. Lanes are 16 ft. wide, and every lot has a lane. Every purchaser gets an agreement direct from the original owner. Terms: 10 per cent down, ten dollars per month. Lots from \$60 to \$150 without interest or taxes. This property is sure to advance quickly.

CANADIAN CAPTIVES

STILL IN URUGUAYAN PRISONS

Britain Said to be Contemplating Sending Warships to Demand the Release of Canadian Sealers.

Washington, July 27.—Relations between England and Uruguay are fast approaching a crisis. Some time ago the British Government presented the case and a Uruguayan Minister was instructed to bring about a settlement. Despite this the Canadian captives are still prisoners and it is understood England contemplates sending warships with the object of releasing them.

LOCALS

—Fair and moderately warm today and Friday.

—J. St. Peter is in town for supplies for Vegreville merchants.

—A number of ladies are arranging an excursion to Walter's camp on Saturday.

—The special meeting of the city council called for last evening failed to materialize.

—The band played on the street last evening at the corner in front of the rink theatre.

—G. S. McLeod and Jas. A. McKinnon are the delegates from the Edmonton Young Liberal club to the Calgary convention.

—The Driving Club meet in Chas May's office Saturday evening to arrange a matinee for Inauguration day.

—A report of the Langdon picnic, at which J. J. Young and John Hall spoke was such good reading to the Calgary Herald, that the editor put it in on two consecutive days.

—The steamer Prospector will run an excursion to Big Island. The boat leaves the landing at the power house at 8:30 a.m. and returns in the evening. The band will be in attendance.

—Rev. Dr. Potts, general superintendent of the Methodist church in Canada, will visit Edmonton about September 1. He will be here for the opening of the new Grace Methodist church.

—The Merchants Bank will open a branch at Fort Saskatchewan in the immediate future, occupying the premises formerly occupied by the Bank of Nova Scotia, who are withdrawing from the Fort.

—A meeting of the Liberals of the Belmont district was held last night in the school house. Mr. W. A. Wilson was elected delegate to represent the district at the Calgary provincial Liberal convention.

—Communion service will be held in the Presbyterian church on Sunday morning next. A special collection will be taken up for the schemes of the church. Preparatory services will be held tomorrow evening.

—Iron gratings of a uniform size and appearance are being placed in the light wells in the cement walk. This is a decided improvement over indulging in the usual dozen different kinds of coverings for these openings.

—Mr. McBurney of Winnipeg, manager for the Canadian General Electric company, for Manitoba and the Territories will arrive in this city on a business trip, this afternoon. This is Mr. McBurney's first visit to Edmonton. He has just recently succeeded Mr. C. McKinnon in his position as manager of the C.G.E. Co.

—Moose Jaw, July 23.—Fireman Harry J. Watson, of this place, died today from injuries received at Greenfield this morning. As near as particulars can be obtained the engine broke apart from the tender of the train on which Watson was fireman. He fell from the engine to the ground and one pair of wheels of the tender passed over him.

—The barbers and wine clerks play a game of base ball on the hall grounds this evening. Game ended at 7 o'clock. Both teams have secured the assistance of some local ball players and the contest between the soft-shelled barbers and the suave wine clerks promises to be well worth seeing. The proceeds are to be donated to the Public Hospital which should add to the gate receipts of the evening.

—A Macaville farmer left his team and demoral standing on the street this morning and they didn't stand. The horses came down (down) and a break neck pace and turned out on McDougall street.

They endeavored to pass between a wagon standing on the street and the Edmonton Express Company's office. The result was they knocked down the express company's sign and smashing their window with the end of it. A pile of hay in front of the store slackened the pace of the team as they climbed over it and they were caught.

—Farm and Ranch Review: Those of Oldenburg apple trees which are well loaded ones having over 30 apples and the other almost as many. The writer saw a sample of the apples which Mr. Daly's trees produce last year and it is certainly a well developed specimen. Apples have also been ripened in other parts of Alberta, the writer having seen a number of McIntosh apples as well as a few from other places. It is very encouraging to fruit lovers and who would not be pleased in that list, that steady progress is being made in the west.

—The Clara Mathes Company played last evening to the largest house they have had yet. The Silver Dagger was presented in a very pleasing manner. Miss Alice Hinton, as a new woman with very advanced ideas on women's rights, but with a truly feminine fear of a mouse. When bursting with indignation and a desire to express it, she remarked, "The time will soon come when women can vote—and swear." Mr. Wm. Lackaye had the bawdy vernacular in the most up-to-date fashion and got off some good things. Mr. Will Marsh, as Lonesome Larkin, had a habit of turning up at the wrong moment to upset plans generally. Mr. Norman Hillyard and Miss Clara trader, of Wabiscaw. The boat is to and Mr. Harry Rogers did the feeble old man excellently. To hear the company is to enjoy a good evening's entertainment.

—C. H. Logrin, of Victoria, B.C., who visited Edmonton recently, is quoted by the Colonist as saying on his return: "Edmonton is perhaps the most hopeful place on the continent today. Four years ago there were about 3,000 people living on the banks of the North Saskatchewan at this point; now there are about 12,000, two-thirds of whom are in Edmonton and the balance at Strathcona. The Canadian Northern will be completed to this point by next October, and the character of the buildings being erected and of the municipal improvements being made, testifies more eloquently than words to the confidence of the people in the future of their town. Signs of the rapid progress are visible all over the prairie, especially in the branch lines, of the C. P. R. and Canadian Northern. New towns are springing up everywhere, and the quantity of agricultural implements that one sees on the trains and about the stations is simply astonishing. Perhaps the most encouraging feature of the situation is the intensely Canadian feeling that is being developed. You read it in the papers, you hear it in conversation everywhere, it forms the theme of pulpit discourses, it is commented upon by thousands of tourists going through the country—it seems as if a new spirit had taken possession of the land."

THE SPORTS COMMITTEE

The sports committee for the Inaugural celebration met this morning in Mercer's office, all the members present. Chairman J. H. Morris presided.

The committee decided to divide their funds as follows: \$200 for a game of baseball; \$200 for a game of lacrosse and \$200 for a polo game.

They also decided to hand over \$200 to the driving club for a matinee to consist of one harness race and two running races.

The committee purpose putting the grounds in shape for the different games in good time before the day of celebration. There will be only one game of baseball and one of lacrosse. Calgary will probably be invited to play baseball and Strathcona lacrosse. Each team will probably be given \$50 for expense money and the contest will be for a \$100 purse.

THE CITY MARKET.

Hay, \$10 to \$15.
Timothy Hay, \$15 to \$18.
Straw, \$2.50 to \$3.
Oats, 37c. to 40c.
Barley, 36c. to 40c.
Potatoes, \$1.00 to \$1.50.
Beef, cattle, 3c.
Live hogs, 41-2c.
Sheep, 51-2c.

Fowl, (dressed) per lb., 10c.

PERSONAL

Clara Watt left today for Winnipeg. Mr. McNeill, merchant of Dinwoodie, is in town.

Rev. Father Gendre returned to Wetaskiwin this morning.

Mrs. Chas. Perry went to Calgary by this morning's train.

Mr. and Mrs. B. Sopple have returned from camping at Gull Lake.

Rev. Father Dennis, of Macleod, returned to his home today from this city.

Donald Martin, of Berlin, brother-in-law of Rev. Dr. McQueen, is in Edmonton on a business trip.

M. Stark came in from Toronto last evening and will take the position of piano tuner with Butcher & Publow.

W. Todd of the staff of the Merchants Bank, has returned from Leduc, where he was relieving Manager Craig. J. Peterson, of Red Deer is acting manager of the Leduc branch.

BORN.

Pollard—At Onaway (Willowdale) on Sunday, July 9, 1906, to Mr. and Mrs. W. A. Pollard, a daughter.

News in Brief

Telford, North Grey's member, has given away half of the increased indemnity to an agricultural society.

A Winnipeg grain man, short on wheat owing to the condition of the local markets, is bringing up 145,000 bushels of wheat from Kingston to Fort William to fill the contract.

Edwin Anderson, an Englishman, thirty years old, was found drowned in the bath tub at his boarding house on Beaconsfield avenue, Toronto. He had been stricken with an apoplectic fit, to which he was subject, while taking a bath.

The Balance
Wheel

Look inside your watch 3 moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 3,558 miles in a year and requires less than one tenth of a drop of oil to make it run. But, it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

A. BRUCE POWLEY,
Jeweller.

Fancy Kimonos, Lace Trimming.

When I go to so much trouble getting the best tobacco in Cuba for the filler of my Pharaoh cigar, it would be very short-sighted to spoil it with a cheap binder and wrapper.

Of course the binder and wrapper are only about 20 per cent. of the cigar, but I do not let that small portion drop below the high standard I have set for the other 80 per cent. of my

Pharaoh Cigar.

To hold the filler together I use a Connecticut broadleaf binder. This is the best binder money can buy.

I import direct from Holland a specially selected Sumatra wrapper—a genuine, clear leaf—the finest wrapper grown.

It is this personal care which I give to every detail in the manufacture of my Pharaoh cigar that makes it such a superior smoke. It is a full flavored, palatable, mellow cigar. Price 10c.

None genuine unless branded "Pharo."

FAST CHICAGO PACER

WON THE FREE FOR ALL.

The Big Event of the Winnipeg Races Was Less Interesting Than Usual—Very Slow Time Made.

Winnipeg, July 26.—Joe Interest, a fast Chicago pacer, belonging to Harry McCall carried off the \$1,200 free-for-all, the event of the exhibition race meeting yesterday from a field of four starters, and thereby furnished another notable addition to the many surprises which have been handed out during the three days of racing.

Slow time was made, though the track was fast, and the race was uninteresting after the first heat, when two of the starters were given the flag and the field was thereby cut in half. The best time was 2:14 1-2 in the second heat. Last year Harold H. hung up a record of 2:07 in this event.

WESTERN NEWS NOTES

—Regina Standard: After many months' struggling with the last hundred feet of the pipe line, connection with the waterworks dam has now been completed, and water may be turned on from the supply of 80,000, 000 gallons at any time.

—During the past year 550 homestead entries were received at the Nanton sub-agency of the Dominion land department. This does not include filings received at Calgary for land in that section; but the great bulk of the land business of the Nanton district is done at Nanton.

—The Portland Cement Co. has been organized and the charter applied for with a capital of \$400,000 divided into 400 shares. A large number of the business men of Calgary have associated themselves with the company, as well as some practical men from Ontario experienced in cement manufacture. The company will manufacture cement in Calgary.

—Fire broke out at 11:30 in a large vacant house on Alexander avenue, Red Deer, on Sunday evening. The fire brigade were on hand in ten minutes, and with two good streams playing, the fire was under control in about twenty minutes. The fire was extinguished in about two hours and the building saved, although the upper story was completely burned. It is thought this is the work of a firebug.

—Calgary Albertan: A. L. Gottlieb, a jewelry auctioneer, who registers from Wetaskiwin, was arrested yesterday afternoon by the R. N. W. M. P. shortly after the arrival of the train from the north. The arrest was made upon the request of the police at Wetaskiwin, who hold a warrant accusing him of having in his possession some valuable papers belonging to G. M. Maybury, a jeweler of that town.

—A meeting of the directors of the Canadian Pacific Railway, held in Montreal recently, at which Mr. Whyte was present, the contract for the double-tracking of the system from Port William to Winnipeg, a distance of 425 miles, was awarded to Foley Bros., of Minneapolis. Work will be commenced at once, east and west of Rat Portage, and the contract calls for the completion of the work within three years.

—An Ottawa despatch to the Regina Standard says: The immediate possibility of the government being obliged to fill four important posts in the new provinces is apparent. Alberta and Saskatchewan will each require a lieutenant governor. These lieutenant governors will in turn have to decide upon some one to form a government. It is generally conceded that Lieut.-Gov. Forget will be the lieutenant governor of Alberta. Regarding Saskatchewan several names are mentioned, but the most prominent among them is Dr. Douglas.

—It is expected that the Canadian Northern Railway Company will resume construction operations on their Neepawa-Ganwilliam branch and will complete the work until the line is tied on to the present main line at or near Kemistuck. This line it is said will make the route of the C. N. R. between Edmonton and Winnipeg 200 miles shorter than the route of the C. P. R. and will eventually become a part of the main transcontinental road, which the company hope to have completed within the next five or six years. There is an agreement between the company and the town of Neepawa to make that

place a divisional point. There will also probably be another divisional point at McCreary Junction on the Dauphin line. It is said that McMillan Bros. have the contract for grading on the Ganwilliam branch north of Rosburn, where the line now ends.

The News in Brief.

G. Sykes was appointed treasurer of Brandon.

Sunday the temperature was the highest in Ontario this season.

The French Minister of Marine has decided to send a squadron to visit the United States at the end of October.

The young son of Ex-Mayor Head of Rapid City, was seriously injured in the stomach by the accidental discharge of a rifle.

The Windsor hotel, Minico, was destroyed by fire. Fifteen inmates escaped in their night clothes. Several were injured. The fire was incendiary. The damage is \$10,000.

The British Columbia government gained a seat when on Saturday William Manson was elected in Alberni by 68 majority. The vacancy was caused by the retirement of W. W. B. McInnes.

Wm. Holroyd of Philadelphia, aged 23 years, shot and killed his wife Lillian, aged 17 years, and then committed suicide by sending a bullet into his heart. The youthful couple were married a year ago, and today's tragedy was the result of frequent quarrels during the last three weeks. Holroyd left a note addressed to "Both our mothers and fathers" in which he said, "We did you good bye. We are both unhappy. Our last wish is to be buried side by side."

A London despatch says: Field Marshall Lord Roberts is so deeply affected over his wife's illness that he has abandoned his proposed trip to Canada. His Grace has been looking forward with pleasant anticipation to a tour of the Dominion in company with the Governor-General, and naturally feels deeply disappointed. Lord Roberts had also hoped to renew his acquaintanceship with the Canadian officers who served under his command in South Africa, and the proposed tour with the viceregal party included visits to Vancouver and New Westminster.

Three commissions are enquiring into the attempt on the life of the Turkish Sultan. They have not yet been able to find the slightest clue either to the author or the origin of the outrage. The killed include Nela Bey, tutor to the sultan's sons. The majority of the victims were coachmen and twenty-seven hackney coaches were blown to pieces and fifty-five horses killed. Eye witnesses describe the scene after the explosion as heartrending, with men and horses lying dying around. A hole two yards wide was made in the ground by the explosion of the bomb.

SUCCESSFUL CANDIDATES

Following are the successful pupils in the recent examinations in Splan school district:

May Pinckston, from senior third to junior fourth.

Percy Rand, senior second to junior third.

KATIE E. EASTON, Teacher.

(Special Correspondence of the Winni-
peg Free Press.)

The telephone system is getting so big and wires are becoming so numerous that the city will have to have a cable. The system will have to be modernized, and it is probable that the American automatic system will be installed, and the change will in all probability be made within the present year. In addition to the city service the Edmonton telephone system embraces Strathcona and lines to Fort Saskatchewan, St. Albert, Morinville, Clover Bar, and Stony Plain. These are run chiefly for country accommodation and convenience. The city powers are not so enthusiastic about the country extensions. They pay, but are more troublesome, and if all outside and trunk lines were run by the government it would no worry the municipality. The operation of the public works by the city involves a good deal of work

The city organization is of a kind to meet with the necessities of the work involved. In addition to the work of the elected aldermanic body, the work of the city is done by two appointed and well paid city commissioners, one of public works and one of finance. The mayor, in addition to presiding in council, is commissioner ex-officio. He is the channel of communication between the council and commissioners, and directs the work of the latter. He is a paid commissioner also. This system combines the fullest representative influence in

LOCAL

—**Edmonton Herald**: A C.P.R. survey party have been working along the line between her and Baljeannie for the last two weeks.

—A mission band will be held tomorrow afternoon (Friday) at 4 o'clock at the Baptist church. All children are invited to be present.

—The board of trade are having a large number of envelopes printed with an advertisement of Edmonton's municipal celebration. These will be distributed among the merchants and placed in the hotels.

—**Home and Ranch Review**: W. F. Stevens of Clover Bar, has a very fine pair of Turkestan Alfalfa which was sown last year, and withstood the winter well. On June 30th, we measured it and it stood 19 inches high.

—**Mrs. H. S. Young** of this city and **Mrs. Leslie Woods** of Athabasca Landing, left a few days since on a trip by rail to Southern Alberta points. From Edmonton they go to Camrose, east of Bitter Lake, thence to Didsbury, Morley and Banff.

—**Class Mathes** well known success "Nell Gwynne" is the attraction at the Bank Theatre tonight. Those who have seen the play will wish to see it again as it has been rewritten and the present cast is much better than the former one, while the costuming will be of the best.

—The posters are out for a baseball tournament to be held in Calgary on August 29. Prizes worth \$500 will be put up and among the teams expected to be present are Edmonton, Fort Saskatchewan, Wetaskiwin, Red Deer, Tumbell, Nanton, Fernie, B.C., Kalkbrenner, Montana. Foot races and Indian sports will also be put on.

—A report has been circulated for some time that a concession to fish in Lac 24, Hilda would be granted to a company. Mr. J. H. Boyle is in receipt of a letter from Hon. F. Oliver enclosing one from the Minister of Marine and Fisheries stating that no concession had been granted and that none would be granted.

—**Maximin**, July 22.—G. H. Summers had his first hearing here today before Inspector McElbannon, and was committed for trial on the charge of killing the man Stoen. He was immediately arraigned before Judge Wetmore and pleaded not guilty to the charge of manslaughter. The trial was set down for October 3, at Moosehead before a judge and jury.

—**Edmonton Herald**: The Railway Committee received a letter from Mr. Leonard M.P., yesterday stating that the charge for the spur line had finally passed the House of Commons on the 10th of July and would become a law as soon as assented to by the Governor-General. He also stated that he would again press our case upon the Government for the immediate construction of the spur and the committee are daily expecting word as to the success or failure of his visit.

—A quiet wedding was celebrated at the residence of Mr. and Mrs. Stewart, Nemayo avenue, last evening at 7:30. The bride was Miss Edith Morris, of Innisfail, and the bridegroom John N. McLeod, of the Bon Ton fruit store, Edmonton. Miss Mayne McDonald attended the bride, while E. J. Laidlaw acted as best man. After the ceremony the newly wedded couple drove to Strathcona and left on this morning's train for the south on their wedding trip. On their return they will reside in Edmonton.
